

HIGHCON POWER OF PAPER SHOW

BRIDGING THE GAP BETWEEN **DESIGN CREATIVITY**
AND **PRODUCTION CAPABILITY**

Thank you for visiting the Highcon booth at drupa 2016. We were delighted with the amazing response we got at the show. Sales surpassed our expectations by far, and we saw true confirmation that digital technology, and finishing in particular, has reached the point where it is making a mark on our industry and becoming a critical element in mainstream production processes.

We will continue to update you about our products and developments. If you would like a short reminder of what there was to see on the Highcon booth, [click here](#).

The Highcon Beam was one of the stars of our show, if you would like to hear more about how the Beam is affecting business at Glossop Cartons, please [click here](#).

If you would like our salespeople to contact you directly, please fill the form by clicking on the "Request Contact" button below. We look forward to hearing from you,

Best regards,

Highcon Marketing
