

HIGHCON HIGHLIGHTS

June 2017

Dear Shelagh,

We have really big news to share with you – a massive productivity boost for our Highcon® Euclid product line, which is now almost 50% faster! The new **Highcon Productivity Boost package** extends the capabilities of the Highcon Euclid platform, allowing customers to produce more jobs per-shift, with higher profitability, enabling a faster return on investment.

Through a combination of software development and mechanical upgrade the Highcon Productivity Boost Package dramatically increases the effective speed of the Highcon Euclid digital cutting and creasing machines.

The Productivity Boost delivers the following improvement:

- B1 (106 cm / 42 in.) – **from 1,500 to a maximum speed of 2,250 SPH**
- B2 (76 cm / 29 in.) – **from 2,000 to a maximum speed of 2,750 SPH.**

Highcon Customer Testimonial - Pocket Folders Fast

There is no better way to learn about Highcon technology than to listen to our customers. Below you can view a video from Pocket Folders Fast - an application that thrives with the help of the Highcon Euclid.

"The trend in the printing market as of late has always been to shorter run length. To achieve that goal we of course moved into the digital market, which Highcon is perfect for."

Mark Wright, Owner, Pocket Folders Fast
