

UNLEASHING

The Power of Paper at drupa.

Highcon will be unleashing the power of paper with breathtaking artwork at drupa 2016, and you can't afford to miss what we have to show.

Some of the paper design and art projects that we will be showcasing include:

The work of paper artist extraordinaire – Peter Dahmen

Peter will be on-site presenting a wide range of products produced with our technology. To learn more about Peter and his work with Highcon, can watch [this video](#).

A “Paper Fashion” project

Combining design, art and technology by renowned designer Merav Peleg, who will be running an artist’s workshop on the booth. Check out some of Merav’s work on her [Instagram account](#).

Paper Art

A unique paper art project of of spectacular proportions, produced in cooperation with [Wanda Barcelona](#).

To learn more about our technology and activities, please visit our [website](#) and [Pinterest](#) page.

And if you’re interested in receiving a free Limited Edition sample kit at drupa – fill your details by [clicking here](#).

Thank and best regards,

Highcon Marketing
